Delmedica's capital contribution as negotiated within the 'Strategic Investment Agreement' will enable 'Fortune Apex' to implement the agreed Business Plan and, in due course, Delmedica shareholders will realise exceptional benefits from this strategic alliance:

- Shareholders will receive an allocation of an equivalent number of 'Fortune Apex' shares as a dividend
- In the event of a trade sale of 'Fortune Apex' or its proprietary technology, Delmedica shareholders would profit accordingly

This is an important opportunity to participate in a company poised to deliver a highly desirable product to the worldwide pharmaceutical market.

Biotechnology has evolved into a robust industry with global revenues rising from \$22 billion in 2000 to over \$80 billion in 2005\*. A strategic alliance with 'Fortune Apex' will build on Delmedica's commitment to offer shareholders access to the lucrative and substantial future of Biotechnology.
